UFO REPORT - 26 AUG 94 - RECEIVED BY MUC

FROM:

(1)

DATE: Caller unsure - 11 - 15 Aug 94 (evening)

LOCATION: Grouse Moren Natl Park
Lomond camp site - SE corner of park looking
North - East side of large mountain

DETAILS: very clear night, saw lights across the bay,
bright yellow and green, approx 40 m across,
lights moved slowly horizontally 100-150m,
stopped and appeared to hover. object appeared to
be approx 2km away.

OTHER: (1) belong to the Bahai Faith and
were travelling through the Cornerbrook area as a
part of their "spread the faith" tour of
Newfoundland.

He sounded sincere and was confident that he
really did see something. He went to the trouble
to look for a Park Ranger to determine if there
were any other lights on that mountain in the
park - there are none.

ACTION TAKEN: (1) was advised to report his
observations to the appropriate authorities
on his return to the U.S.

Observation noted, no further action taken.
